

4 Walter Lever Estate Rd, Silkwood

SILKWOOD QUEENSLANDER

This 2 bedroom lowset Queenslander has some renovations just completed. A new kitchen with gas cooktop and pantry should make the cook very happy. Both bedrooms have box air conditioners while one bedroom has built in robe. The main living area has a large almost new split system air conditioner.

The traditional Queenslander feature work and cypress pine floors have been well maintained.

There is a gas cook top and hot water as well as 3kw. solar system to reduce the power bills.

The bathroom, laundry and toilet are all located together towards the rear of the home. The large back deck overlooking the shady back yard would be great for evening entertaining.

The tinkerer should be happy with the lock up concrete block workshop and two car spaces.
